**Effortless Scalability** - Expand your business without the burden of your escalating staffing cost.

## BACK OFFICE 2.0
## Client Success Stories

- Dispatch forms to field evaluators, review submissions for compliance, track progress and timely completion of applications.

- Review photographs ensuring correct installation of building materials to validate program compliance.

- Monthly project extracting a large amount of pricing data normally requiring 275 labor hours. Saving two FTEs for our client and reducing cycle time from two weeks to two days.

- Review receipts and submitted driver expense reports for a nation-wide vehicle fleet.

# Pilot is here for you.

Let's work together on a solution so you can focus on your core mission.
